T;"My students,do not be scared to speak in English (you need to believe in yourself) because the voice is the most amazing instrument.It is just like this guitar and violin.All you have to do is to practice." Hana and Kerim are playing the guitar and the violin and Kanita, Merjem, Melika, Muhamed-Said, Omar and Khan are talking about The Present Simple Tense.

Hi everybody! I'm The Present Simple Girl. I like habits and routines. I always do the same things and at the same time. For example, I always drink two glasses of milk in the morning and I usually arrive at school at twenty past seven . I often wear jeans and T-shirts.(Melika)

Hi everybody! I'm The Present Simple Girl I usually get up at 6 o'clock.During the week I have swimming practice.,I am great at swimming. Swimming makes me happy and I am grateful to be able to feel that everyday. My brother and I have a lot of fun together. We go to the same school and have a number of common friends. (Kanita)

Hello! I'm The Present Simple Girl I am feelings and emotions. I am a very sensitive and confident person. I believe in myself fully.I love my family and my friends. Love is difficult to define, difficult to measure, and difficult to understand. Love is what great writers write about, great singers sing about.I love people at all. I also love animals and plants. I like new clothes and fashion. I like to be unique and create my style. Fashion does not just exist, it lives. (Merjem)

Hello! I'm The Present Simple Boy.I live with my parents,my brother and two sisters. I can say that I'm blessed with a wonderful family. My family is like a strong pillar for me, on which I can rely blindly anytime I require support. From my family, I have learned the social graces of loyalty and cooperation. (Omar)

Hello! I'm The Present Simple Boy.The role of every member in my family is unique and important in their own way. I always arrive on time at school. I love English because I think it is a bridge to reach my dreams, so I can learn and find the best jobs, gain a lot of friendships, learn about people's culture and spread my culture to the whole world. It gets me where I have to be - at the top. With English, everything becomes easy.I have a beautiful garden.(Muhamed-Said)

Good afternoon! I'm The Present Simple Boy. I am the facts that are always true or events that always happen. Two plus two makes four. Water freezes at zero degrees..So many people ask me why do I want to become fluent in English. Well, the answer is easy. For me, English is one of the most powerful tools that exists nowadays to communicate to other people. It makes easier to make friends around the world. With English we can explore the world in a deeper way. Thanks to this language it's possible to understand a bit more about different cultures. I am the kind of person who loves travelling. When it comes to travel around the world it's vital to know English. If you can communicate with the local people you won't feel lost in the middle of a city because you can ask for help. If you can communicate you will enjoy your experience abroad in a wider way.(Khan)
